## MUD DELAYS FUNERALS.

### Four Horses Can Hardly Pull Hearse Over Roads.

Wichita, Kas., Jan. 21.—Continued warm weather has caused the ground to thaw and the roads are in such bad condition that the holding of funerals is being delayed. In order to get to Maple Grove cemetery, it is necessary to hitch four horses to a hearse, and the same number of horses can hardly pull the vehicle containing the pallbearers. Even with four horses it is necessary to stop frequently to allow the horses to rest.

Such bad roads were never known here before. The farmers are unable to get into town, and because of this there is a threatened hay famine. Roads in other countries from which hay is shipped are bad and the shippers can't supply the demand from this city.

## SOUTH AFRICAN COMET SEEN HERE

ADA GAZES AT THE BRILLIANT SCENE AT SIX-THIRTY THURSDAY EVE.

### AWAKENS MUCH INTEREST

Was in Southwest Part of Sky and Tail Extended Into the Heavens  
No Advance Notice of Its Arrival.

The comet discovered in South Africa a few days ago was plainly seen in Ada last evening at about 6:30.

Its location was in the southwest and it was head first, the tail entering the clouds.

No announcement of the comet's appearance in Ada was received but as soon as it was sighted, low in the heavens, it was recognized. The comet created a great deal of interest in this city and everybody was telephoning everybody else, telling them of the brilliant sight.

The Lick observatory advises that the comet may be seen for the next few evenings.

A mention was made of this comet in the Evening News of last Wednesday. It was as follows:

San Jose, Cal., Jan. 18.—Astronomer A. G. Aitken of the Lick Observatory today gave the following statement to the Association Press:

The comet discovered in South Africa a day or two ago is brighter than the planet Venus. It was easily seen at the Lick Observatory at noon today with the naked eye. It was about four degrees east of the sun and half a degree north of it, and was moving toward the northeast. In a clear sky it would be a brilliant object for the next few evenings, and should be looked for in the southwestern sky immediately after sunset.

Daylight observations today by Astronomer Wright showed that the spectrum of the comet's nucleus is continuous, crossed by bright, sodium lines extending into the coma.

## AMERICA WINS AEROPLANE RACE

CURTISS WINS FROM PAULHAN AFTER HEARING THE MESSAGE SENATE AND HOUSE GO TO WORK.

### INTERNATIONAL MEET OVER

The Frenchman Wins Majority of the Events, Being on Sensational Order in Cross-Country and High Flights.

Los Angeles, Cal., Jan. 20.—As dusk gathered tonight four flying machines which had been circling in the air sailed to earth. The aviators walked to their tents, the great crowd filed down the roadway and America's first international aviation meet was over.

Few new that one man had been near death in those last few minutes. Charles K. Hamilton was returning from a fifteen-mile flight toward the ocean and while still a mile from the aviation field the crankshaft of his machine snapped. No one in the crowd noticed anything wrong. Hamilton shut off his engine and so leveled and swayed his planes that he was wafted gently down. It was the best piece of emergency handling of a machine that has been seen at the meet.

Curtiss and Paulhan, rivals of the meet, furnished the excitement of the closing day. They were both flying, when it was seen that a great race was on—the first real race of the ten days.

The two aeroplanes full speed on, came over the grand stand with the speed of express trains. The Frenchman for a few minutes held his own then Curtiss, in his American machine, forged ahead a length and won by half a lap.

### Curtiss Machines Swiftest.

The Curtiss machines have won all of the prizes for speed, quick starts, perfect landings and those events where a light, swift machine showed best.

Paulhan has won all of the cross-country, passenger-carrying and endurance tests, having a heavier, slower machine and an engine which he trusts absolutely. He has taken more than \$15,000 in prizes and broken world records for altitude and cross-country flights alone and with a passenger. Curtiss has broken no world records and will probably take less than \$5,000 in prizes.

### DRAWN COLOR LINE CLOSER.

Texas New Sanitary Code Prevents Negro Porters Using Linen.

Austin, Tex., Jan. 21.—The state board of health has prepared a new sanitary code for railroads, hotels and public buildings. One provision prohibits Pullman porters from sleeping in the berths for the white people and from using sleeping car linen for their own needs.

### Recalls Carmack Murder.

Nashville, Tenn., Jan. 17.—The appeal in the case of the state against Colonel Duncan Cooper and his son, Robin Cooper, sentenced to twenty years each in the penitentiary for the murder of Senator E. W. Carmack, was today postponed until February 1 by the supreme court.

### Fought the Chicago Fire.

Ta coma, Jan. 21.—August C. Anderson, aged 68, died this morning at a hospital. He was a member of the Chicago fire department at the time of the great fire, during which he worked four days and nights without sleep and most of the time without food.

### Banker Eats Pie; Dies.

Freeport, L. I., Jan. 21.—Henry Mead, a baker, dropped dead here today after eating a piece of his own pie for breakfast. The doctor ascribed death to heart failure superinduced by acute indigestion. Mead was 71 years old.

## LEGISLATURE SESSION OPENED

AFTER HEARING THE MESSAGE SENATE AND HOUSE GO TO WORK.

### WILSON RE-ELECTED SPEAKER

Generally Held that Legislators Will Receive Six Dollars a Day for Their Services—Bills Are Introduced.

Guthrie, Ok., Jan. 20.—Only thirteen subjects for prospective legislation were included in the governor's message, which was given to the Oklahoma legislature, convening in special session this morning, but there is a liberal promise of additional recommendations as the session continues. Five of the subjects include appropriations aggregating \$98,380.97. Nothing was said about the banking law save in a general way, commending it and telling the favor in which it is held—that, however, without a tangible reference to probable amendments.

The Harris-Day minority report of the Code Commission, submitted to the governor on yesterday, was not transmitted to the legislature, but the legislature is asked to name a committee to confer with the code commission and determine upon what has been done, and the broad language used in the message is taken by members as meaning that an extension of time with proper appropriations will be satisfactory to the executive.

Taxation in several phases was covered by a series of recommendations. No reference was made to a plan by which excessive levies for 1909 could be reduced, as was done during the regular session for 1908 but it is understood tonight that a bill is in course of preparation that will attempt to give relief. The extension of paying time was recommended.

Members regard the message concerning taxes of considerable value, particularly in suggesting means to prevent unreasonable collections in the future, and curbing the general taste for costly public improvements in cities and districts.

Several bills were offered in the house to cure defects in the present general revenue law.

Reference to county and district officers' fees and salaries was brief. There were two bills on this subject offered later.

### Message Read at Noon.

Gov. Haskell read the message in a joint session of the two houses about noon. Owing to differing opinions as to the pay of members during a special session, it was agreed in each branch, as an extra precaution, to perfect reorganization, plodding through the form of electing officers, so as to give the legislature the status of the regular session. This permits the members to draw \$6 per day, otherwise, some feared, the session would be consigned but a continuation of the old, and the pay would be only \$2 per day. Just how the reorganization will effect legality of the pay no one has figured out. It is generally held, however, under a liberal construction of the constitution, that the \$6 salary applies.

Each branch assembled at 9 a. m., as per the executive proclamation. In the house there were fourteen absentees, eight of them republicans. Representative Thilston of Nowata, democratic caucus chairman, called the House to order. Representative Japp nominated Ben Wilson of Canadian for Speaker, and C. G. Jones, of Oklahoma City, floor leader of the republican minority, presented Representative Clark, the minority caucus chairman, as a candidate. Clark voted for Wilson, and Wilson voted for Clark, and Wilson was elected by a vote of 62 to 33—the party strength in each instance.

Ben H. Harrison of Calvin was elected speaker pro tem; W. H. Ebey of Ada, chief clerk; N. A. Gordon, Oklahoma City, reading clerk; Bruce Ott of Yukon, Mike O'Brien of Oklahoma City and N. E. Sutton of Nowata.

### Furman Administers Oath.

Presiding Judge Furman of the Criminal Court of Appeals administered the oath to Speaker Wilson. At the proper time Chaplain Jones of Pittsburg county offered prayer and the legislature began moving as though the adjournment had been the night before. The only change noted was absence of the Jim Crow section in the House gallery. In the Senate the sign was conspicuously displayed.

After hearing the governor's message, the following measures were introduced in the house:

Joint resolution by Mr. Wallace for appointment of a committee of six to examine the work done by the code committee, with instructions to make a report within ten days.

Bills by Mr. Durham of Pottawatomie, fixing fees and salaries, brief review of which appeared in the News of Jan. 20; by Mr. Wallace, extending the time for paying 1909 taxes from Feb. 1 to April 1, taxes to be delinquent May 1; by Mr. Dunn of Oklahoma county, to provide for sale of all tracts of public lands lying within the limits of cities or towns, under rules fixed in the general sales act of the regular session; by Mr. Helm of Creek, for two payments of taxes, beginning with assessment of 1910, Dec. 15 and July 1 of each year; also extending time for paying one-half of 1909 taxes from Feb. 1 to April 15, the same to be delinquent thirty days later, also, by Mr. Helm, making it unlawful to assess property upon the basis that it is prospective oil-producing property.

### WOMAN LOSES HER 21 DOGS.

San Francisco Humane Society Takes  
Away Recluse's Pets.

San Francisco, Jan. 21.—Empty and  
forlorn is the little house at Sec-  
ond and Bryant streets, where lived  
Mrs. Mattie Harley and her twenty-  
one dogs. No more will the Great  
Danes and Spanish poodles frisk  
about the skirts and gladden the  
heart of their mistress, forsook her  
husband and her home that she might  
be alone with them. An aching void  
quivers over the humble home and  
the silences linger, where erstwhile  
the thundering bays of the New-  
foundland and the petulant bark of  
the Scotch terriers were wont to  
ravish the ears of the quondam pass-  
erby.

"Dogs cannot live by love alone,"  
said the Society for the Preven-  
tion of Cruelty to Animals to Mrs.  
Harley, "and, moreover, it is not well  
for a woman to live with such a mul-  
titude of canines in such pent-up  
quarters." Therefore the society gath-  
ered the dogs together and took them  
to the society's home for orphaned  
dogs.

And the desolated heart of their  
mistress was partially comforted in  
the assurance of the society that  
no harm should come to her pets,  
for whom she had sacrificed so much  
and that if the ruler of the dog heav-  
en were kind they should each in  
due time find a comfortable home,  
where love and meat would abound.

### HUGHES NOT A CANDIDATE?

New York Governor Says He Has  
Authorized No Statement.

New York, Jan. 21.—The New York  
Tribune today says:  
"Governor Hughes will not under  
any circumstances be a candidate for  
re-election. This the Tribune is able  
to announce positively. The governor  
has clearly expressed himself more  
than once as under obligations for  
confidence shown and honor con-  
ferred by the people and he has no  
patience with the idea that he is  
making a sacrifice. Nevertheless,  
whatever the privileges of the ex-  
ecutive office and however highly the  
honor may be appreciated, private  
obligation cannot be indefinitely dis-  
regarded and the governor is deter-  
mined to return to his law practice."  
Governor Hughes declined to dis-  
cuss the report of his refusal to be  
a candidate for re-election further  
than to say that he had made no  
authoritative announcement.

### TRAMP REPAYS KINDNESS.

Now Prosperous, Sends Brakeman  
Who Aided Him \$500.

Denver, Jan. 21.—Seven years ago  
James L. Harvey, now a Rio Grande  
switchman here, was brakeman on a  
freight in Oklahoma and befriended  
a tramp.

A few days ago Harvey received a  
letter from the tramp, Charles Mc-  
Namara, now a rich miner of Mur-  
ray, Id., inclosing a check for \$500  
as a Christmas gift. Harvey per-  
mitted McNamara to ride over his di-  
vision, gave him clothes, a meal, a  
bed and a \$2 bill.

McNamara says in his letter that  
he had resolved to kill himself when  
he met Harvey. But the help he got  
gave him courage to renew his bat-  
tle with the world, and he is now  
prosperous. He tells Harvey to "give  
the high sign" when he wants any-  
thing.

### THIRTY MILLIONS INVOLVED.

City of Cleveland Wins Suit But  
Railroads Will Appeal.

Cleveland, Jan. 21.—The city of  
Cleveland was today given legal pos-  
session of between \$20,000,000 and  
\$30,000,000 worth of lake front prop-  
erty in the down town section of the  
city by a decision of the circuit  
court in which the lower court was  
sustained.

The case will be carried to the  
supreme court by the railway com-  
panies which have had possession of the  
land for sixty-five years. There are  
about forty acres involved which the  
court held was illegally sold to the  
railways originally. The question has  
been in litigation many years.

### THIRTEEN BOATS SEIZED.

United States Marshal Takes Pos-  
session of a Fleet.

Milwaukee, Jan. 21.—Following the  
appointment of a receiver in Cleve-  
land, O., for the Glchrist Transpor-  
tation company, United States Mar-  
shal H. A. Well today seized thir-  
teen boats belonging to the com-  
pany which are in Milwaukee har-  
bor. Twenty-five different writs of  
attachment were secured by credi-  
tors of the defunct company against  
the vessels here.

### BORN AMID THE ICE FLOES.

Twins Are Named "Ohio and Vir-  
ginia" by Proud Parents.

Gallipolis, O., Jan. 21.—While be-  
ing buffeted about in an ice floe on  
the Ohio river last night Mr. and Mrs.  
William Shields became the parents  
of twin girls. The family lived on a  
house boat moored at Millwood, W.  
Va. The boat was torn loose by the  
ice and when it landed today the  
mother was attended by physicians.  
The girls were named Ohio and  
Virginia as a memory of the trying  
ordeal under which they were born.

### LITTLE WILL WAGER \$5,000 FRISCO GETS BOUT

JOHNSON'S MANAGER SWEET ON  
SAN FRAN.

Johnson, However Is Just as Sure  
He Will Fight at Salt Lake  
July 4.

New York, Jan. 21.—There appears  
to be a little difference of opinion  
between Jack Johnson and George  
Little his manager, as to where  
the championship fight is likely to  
occur. Johnson was quoted here to-  
day as follows:

"If Rickard says the fight is go-  
ing to take place at Salt Lake, it  
will be Salt Lake. He is the man  
with the dough, and that is what I  
am after. Jeffries and I are in this  
business for money. Rickard is the  
man with the dough and what he says  
goes."

"As far as I am concerned, I'm  
willing to fight Jeffries anywhere. I  
have no personal preferences so long  
as Jeffries is on hand and in his  
best form."

### Little Picks San Francisco.

But here is what Little had to say  
regarding the controversy, a few min-  
utes later:

"You can take it from me that the  
fight will never be pulled off in  
Utah. The site which has been agreed  
upon is at Ocean View, a short dis-  
tance south of San Francisco. A  
temporary arena to seat 30,000 is to  
be constructed and a railroad com-  
pany has agreed to deposit the tick-  
et holders at the gates within twen-  
ty minutes after they leave Port and  
Market streets, San Francisco. I'm  
willing to bet \$5,000 that the fight  
takes place in California."

### Jeff Is Pleased.

James J. Jeffries announces that  
he is delighted to learn of Roosevelt's  
interest in his coming fight with  
Johnson. A telegram from Jeffries,  
given out here today, is as follows:  
"Lincoln, Neb., Jan. 21.—I am glad  
to know that the battle which I am  
about to engage in interests men like  
Theodore Roosevelt. I believe that it  
means more than just deciding the  
heavyweight championship.  
"The interest of Roosevelt may  
mean that this fight might place the  
boxing game on a higher plane than  
that which it has formerly occupied."

### GOSSIP OF THE FIGHTERS.

Jeffries, who is due to fight John-  
son for a trifle over \$100,000 fought  
his first ring battle for the munifi-  
cent sum of \$750, and he had to  
knock his man out to win it, too.  
It was in Los Angeles, Cal., and Jeff  
fought another rookie like himself.  
Jeff handed the sleep punch to his  
fellow-rube in three rounds. John  
Webb, a local fight promoter, claims  
that he had to argue with Jeff a long  
while before the boilermaker would  
consent to try the glove game. "If he  
hadn't fought that three-round fight  
he never would have thought of stick-  
ing to fighting," says Webb.

Billy McIntosh of Detroit, who  
brought out Tommy Burns, will meet  
the ex-champion in Paris in March  
and again become his manager.

Jack Brown, a San Francisco light  
weight, reached Chicago and at once  
issued a challenge to any local 133  
pounder. He is located at 212 Lo-  
cust street.

James Edward Britt has been show-  
ing the natives of South Africa the  
most polished thing in a pugilistic  
line they have viewed since the visits  
of J. O'Brien to the land of the Boer.  
Britt is now making Johannesburg, Trans-  
vaal, his headquarters. Jimmy  
is on his way to Australia, where he  
is to fight for Hugh McIntosh.

Two good fights of the little men  
were pulled off in New York and  
Brooklyn last night. At the Olympic  
Athletic club "Pal" Moore of Phila-  
delphia earned an easy ten round vic-  
tory over Harry Thomas, the English  
bantamweight champion. Moore was  
the aggressor except in the first  
round, which was slow and uninter-  
esting.

Joe Coster had a shade the better  
of Phillie McGovern at the Bedford  
Athletic club in Brooklyn. In the  
tenth round Coster practically had  
McGovern knocked out.

Billy Ppke and his brother and  
manager, Ed, passed through Chic-  
ago last night on their way to New  
York. They expect to sail for Europe  
Wednesday and to take on the best  
middleweights to be found on the  
other side. Billy has been spend-  
ing some weeks at Hot Springs, and  
was looking in great shape. It looks  
now as if he ought to beat anything  
that will be brought up before him  
at either London or Paris. His first  
effort will be to get a match with  
Harry Thomas, the English champion  
if a London club will put it on.  
Pete Savoy fought a five-round  
draw with a lightweight named Ma-

lone as a preliminary to the Clabby-  
Morrow match at Memphis.

### CHANCE AND KLING TO CONFER.

Reported That Catcher Will Play in  
Chicago or Philadelphia

Chicago, Ill., Jan. 21.—Catcher  
John Kling will return to the Clubs  
this season or will be traded to Phil-  
adelphia. That is the opinion of a  
well known local baseball fan and  
intimate friends of Manager Frank  
Chance of the west-side team.

The belief that the holdout catcher  
will be traded to Philadelphia has  
been growing stronger in baseball  
circles, and it is now believed that  
upon his return from California Man-  
ager Chance will set off in Kansas  
City to talk over the terms of the  
proposed deal with the backstop.

There is no doubt that the catcher  
is eager to get back into the har-  
ness of major league baseball. Close  
friends say that he did not make as  
much money out of his billiard hall  
and semipro playing last season as  
he could have earned by playing with  
the Cubs. Furthermore, he did not  
receive a share of that \$10,000 that  
was distributed among the players  
for winning the national league cham-  
pionship in 1908.

### Fears He May Lose Out.

In striking a balance for his in-  
come of last year Kling saw that he  
had not only been losing money, but  
was in danger of losing his stand-  
ing as a peerless catcher through in-  
activity.

Failure to close a deal with Cin-  
cinnati, in which Kling's name is sup-  
posed to have been mentioned, has  
only strengthened the belief that  
special efforts will be made to in-  
duce him to play with the Cubs; or,  
in the event of his refusal to con-  
sent to that, to agree to play with  
the Phillies.

### Is Ready to Compromise.

Report from Kansas City indicate  
that Kling is wavering in his deter-  
mination to keep out of major league  
baseball, and it is believed now that  
he is but awaiting an interview with  
Manager Chance to plan for a tri-  
umphant re-entry either as a mem-  
ber of the Cub team or as a mem-  
ber of the Phillies. In either event  
the local club will profit handsomely.

To land him for the Phillies, Pres-  
ident Fogel is willing to make an  
exchange that will prove of great  
benefit to the westsiders, and should  
John decide to play here his pres-  
ence would be of untold value to  
the Cubs.

### PHILIPPI NOT HAS BEEN.

The Deacon Declares He Is Still in  
Game and Signs.

Pittsburg, Pa., Jan. 21.—Charles  
"Deacon" Phillippe, the veteran pitch-  
er of the Pittsburg Baseball club,  
thinks he is good for still another  
season, for last night his contract  
for 1910 was received at the club  
headquarters with his signature at-  
tached. Barney Dreyfus had sent the  
contract with the terse note, "If you  
think you can deliver the goods sign  
this and return."

The Deacon apparently thinks so,  
for no note was inclosed with the  
contract.

### GOSSIP OF THE BALL PLAYERS.

A Cleveland man has sworn out a  
warrant for the arrest of Rube Mar-  
quard, pitcher for the New York  
Giants, on the charge of having swiped  
a diamond ring valued at \$215.  
Baseball fans of Napown think that  
the complainant has been imposed  
upon by a confidence person who took  
the liberty of using the pitcher's  
name.

President Pat Powers will not make  
out the Eastern league schedule un-  
til the Canadian Racing association  
has selected its dates. Last year  
Eastern league baseball suffered  
through conflict with racing at Mon-  
treal, Toronto and Fort Erie.

William Carrigan, the Red Sox  
catcher from Lewiston, Me., came  
across with his signed contract yester-  
day, thus joining the squad of the  
"satisfied" who will now begin to  
think only of reporting day and of  
Manager Patsy Donovan's campaign.  
The old Holy Cross man felt last fall  
that he was entitled to unusual con-  
sideration for 1910, and his demands  
were correspondingly strenuous. But  
there was nothing doing except the  
generous raise that was coming under  
the policies of the club. Then we be-  
gan to hear of Bill's going to De-  
troit, a story that had a decidedly lo-  
cal bouquet. But no one seemed to  
be startled, for there was no chance  
and now Carrigan's signed contract  
is in the Red Sox big safe, but the  
player will go into the coming sea-  
son knowing that there's a big har-  
vest ahead for him if he keeps up  
his hitting, and continues to improve  
as a major league backstop.

Red Dooin is the oldest member of  
the Phillies, but claims he is not  
over 30 years of age. He is also one  
of the lightest catchers in the Na-  
tional league—weighing 156 pounds  
in street attire.

### Timely Advice.

Property was never cheaper in Ada  
in proportion to its size than now.  
The enhancement of real estate val-  
ues here have not kept pace with  
the city's growth. This being true,  
your better judgment suggests that  
you buy something today—when the  
boom and stiff values come, you will  
say, "Too late."

### CALLS MEETING OF FARMERS

Oklahoma Union President Convoles Delegate Convention.

Shawnee, Ok., Jan. 21.—Following a meeting of the executive council of the Oklahoma Farmers' Union here, attended by two of its members, President J. A. West this morning issued a call for a delegate convention of the State union to meet at Shawnee on Feb. 15, 1910, at 10 o'clock in the morning, for the purpose of considering and adjusting matters of importance between the Oklahoma State Union and National Union, and such other business as may legally come before the convention. The call says:

"We desire the membership to understand that the officers are in perfect harmony on this matter, but feel that it is a question that should be settled by the State Union in delegate convention."

It is intimated that the action of the Oklahoma union will differ from that taken by the Texas State union.

## THIEF CARRIES OFF ST. LOUIS MAN'S GRIP

VALUABLE HAND BAG OF S. T. BROWNE STOLEN.

Left on Platform of Frisco Depot Yesterday—Thief Is Being Sought.

The officers are looking for the thief who stole a handbag belonging to S. T. Browne yesterday.

Browne is a traveling salesman, representing a St. Louis firm, and was in the city calling on his trade. He registered at the Harris hotel and near train time his grip was taken to the Frisco depot by a transfer man, who placed it on the platform among several other grips which were waiting for their owners to carry them in the train.

Several minutes after the grip was left on the platform it was seen and recognized by several persons, but when Browne got ready for it it wasn't in sight. He left this morning to visit his customers south of here and the grip, which he considers valuable, is being looked after.

Browne's home address is Oklahoma City.

### MUST HAVE A BAND.

Merchants Could Well Afford to Encourage New Organization.

There is considerable agitation to organizing a concert band of twenty or more pieces.

L. W. Conger, with the Laidlaw Lumber Co. and Geo. Stonum, the watchmaker and jeweler, are experienced band men and are willing to give time and effort in the organization of a new band.

Everyone is aware that a good band is a credit to a town and Ada, now entering into a class with leading Oklahoma cities should not be without a good concert band. This is election year, too, and picnic season is approaching, and it would be a shame to be without band music during the big times of this summer and fall.

A good instructor can be had for \$65 per month and together with additional expenses only \$75 would be required to ensure a strong aggregation of musicians. The merchants could well afford to put this amount up until a period when the board could be self supporting. If you have an opportunity, boost it along.

### Notice of Dissolution of Partnership.

Doctors Craig and Runyan by mutual agreement dissolved partnership January 1, 1910.

Dr. Runyan assumes all indebtedness of the firm and will collect and receipt for all bills due the firm.

All bills will be mailed as soon as possible.

All bills remaining unadjusted Feb. 21, 1910, will be considered delinquent, and will be placed in the hands of atorney after that date.

The Ada National Bank is authorized to receipt for any money paid in.

J. R. RUNYAN, M. D.

### The Comet a Good Sign.

The comet which now makes its appearance each evening in the west is directly over the Ada Oil and Gas Co.'s well, and if you will observe it resembles a huge gusher in operation. The head representing the mouth of the well and the long tail the cloud of gushing oil. Since the astronomers are unable to tell from whence it cometh or whither it goeth we suggest that it fortells the coming in of the first oil gusher in the Ada fields.

## MAN SHOWS UP AFTER ADVERTISED MULE IS SOLD

T. W. LADD DISAPPOINTED WHEN ANIMAL IS GONE.

Was Advertised and Disposed of by Chief of Police—Ladd Gets \$95 for Mule.

On December 27 a stray mule came to town, was "pounded," advertised and sold. Yesterday the owner of the mule arrived in Ada searching for the animal.

The owner's name is T. W. Ladd and his home is in Atoka county. He stated that in December two mules belonging to him left his premises. After several days of constant hunting, the sheriff of his county found one of the mules, which was returned to him. Ever since the straying off of the mule that was caught here, Mr. Ladd has been hunting for it. He got on trail of it at Stonewall when a man who had heard of the mule's taking up in this city, told the owner.

When Mr. Ladd came to Ada, he was told by Chief of Police Culver that he had sold the mule after having advertised it. The chief sold it to Bud Gregg for \$85 and Gregg sold it to a Holdenville mule buyer who in turn shipped it to a market. Gregg received \$95 for the animal and presented the profit of \$10 to the ex-owner which, with the \$85 which was received by the first sale, made Ladd \$95 for the long eared proposition.

The law in a case of this kind is to keep a strayed animal five days, advertise it for five days, then sell it.

### CITY CLERK ISSUES MANY BUILDING PERMITS

MOST OF THEM ARE PERMITS FOR RESIDENCES.

Several for Additions to Residences and One for Warehouse of Hardware Store.

Building in Ada goes merrily on. Several parties will soon begin the erection of buildings who as yet have not taken out permits. Geo. Currant, lots 7 and 8 block 33, residence.

Bud White, lots 1 and 2, block 113, Addition to residence.

Chas. Ray, lots 5 and 6, block 138, residence.

Mary Robinson, lots 14 and 15, block 55, residence.

Ada Hardware Co., lot 19, block 92, warehouse.

Chas. T. Barney, lot 13, block L, Sunrise, residence.

A. J. Ferguson, lot 9, block 88, addition to residence.

### TROLLEYLESS STREET CARS.

Edison Successfully Tests Storage Battery System.

New York, Jan. 21.—What seemed in every way a successful test of a street car equipped with new Edison storage battery was made this morning on the Orange Valley and Passaic Electric Railway at West Orange, N. J.

At no time was difficulty experienced in starting, slowing down, applying brakes or accelerating speed. The car is equipped with 210 cells, arranged under the seats on both sides. Of these cells, 200 are for propulsion and ten for lighting, with a total force of fifty-horsepower. Edison estimates that the cost of driving the new car will be 1c a mile. If the test today satisfies the experts, the problem of cables and overhead wires will be solved for city traction companies, as the new car generates its own power.

### MILES DIDN'T GO.

Failure of Requisition Papers to Arrive Keeps Him Here.

Undersheriff A. L. Miles did not leave yesterday for Los Angeles to bring back the negro Lewis, who is wanted here for fraud, and who is being held in Los Angeles for the arrival of the undersheriff. His departure is delayed owing to the non-arrival of requisition papers from Governor Haskell. As soon as these credentials come Miles will leave for the California city.

## MUD DELAYS FUNERALS.

Four Horses Can Hardly Pull Hearse Over Roads.

Wichita, Kas., Jan. 21.—Continued warm weather has caused the ground to thaw and the roads are in such bad condition that the holding of funerals is being delayed. In order to get to Maple Grove cemetery, it is necessary to hitch four horses to a hearse, and the same number of horses can hardly pull the vehicle containing the pallbearers. Even with four horses it is necessary to stop frequently to allow the horses to rest.

Such bad roads were never known here before. The farmers are unable to get into town, and because of this there is a threatened hay famine. Roads in other countries from which hay is shipped are bad and the shippers can't supply the demand from this city.

SOUTH AFRICAN  
COMET SEEN HERE

ADA GAZES AT THE BRILLIANT  
SCENE AT SIX-THIRTY  
THURSDAY EVE.

## AWAKENS MUCH INTEREST

Was in Southwest Part of Sky and  
Tail Extended Into the Heavens

No Advance Notice of  
Its Arrival.

The comet discovered in South Africa a few days ago was plainly seen in Ada last evening at about 6:30.

Its location was in the southwest and it was head first, the tail entering the clouds.

No announcement of the comet's appearance in Ada was received but as soon as it was sighted low in the heavens it was recognized. The comet created a great deal of interest in this city and everybody was telephoning everybody else, telling them of the brilliant sight.

The Lick observatory advises that the comet may be seen for the next few evenings.

A mention was made of this comet in the Evening News of last Wednesday. It was as follows:

(San Jose, Cal., Jan. 18.—Astronomer A. G. Altken of the Lick Observatory today gave the following statement to the Association Press.)

The comet discovered in South Africa a day or two ago is brighter than the planet Venus. It was easily seen at the Lick Observatory at noon today with the naked eye. I was about four degrees east of the sun and half a degree north of it and was moving toward the northeast. In a clear sky it would be a brilliant object for the next few evenings and should be looked for in the southwestern sky immediately after sunset.

Daylight observations today by Astronomer Wright showed that the spectrum of the comet's nucleus is continuous, crossed by bright, sodium lines extending into the coma.

AMERICA WINS  
AEROPLANE RACE

CURTISS WINS FROM PAULHAN  
IN LOS ANGELES FLYING  
FIELD.

## INTERNATIONAL MEET OVER

The Frenchman Wins Majority of the  
Events, Being on Sensational  
Order in Cross-Country and  
High Flights.

Los Angeles, Cal., Jan. 20.—As dusk gathered tonight four flying machines which had been circling in the air sailed to earth. The aviators walked to their tents the great crowd filed down the roadway and America's first international aviation meet was over.

Few new that one man had been near death in those last few minutes. Charles K. Hamilton was returning from a fifteen-mile flight toward the ocean and while still a mile from the aviation field the crankshaft of his machine snapped. No one in the crowd noticed anything wrong. Hamilton shut off his engine and so leveled and swayed his planes that he was wafted gently down. I was the best piece of emergency handling of a machine that has been seen at the meet.

Curtiss and Paulhan rivals of the meet furnished the excitement of the closing day. They were both flying when it was seen that a great race was on—the first real race of the ten days.

The two aeroplanes full speed on, came over the grand stand with the speed of express trains. The Frenchman for a few minutes held his own then Curtiss, in his American machine, forged ahead a length and won by half a lap.

## Curtiss Machines Swiftest.

The Curtiss machines have won all of the prizes for speed quick starts perfect landings and those events where a light swift machine showed best.

Paulhan has won all of the cross-country passenger-carrying and endurance tests, having a heavier, slower machine and an engine which he trusts absolutely. He has taken more than \$15,000 in prizes and broken world records for altitude and cross-country flight alone and with a passenger. Curtiss has broken no world records and will probably take less than \$5,000 in prizes.

LEGISLATURE  
SESSION OPENED

AFTER HEARING THE MESSAGE  
SENATE AND HOUSE GO TO  
WORK.

## WILSON RE-ELECTED SPEAKER

Generally Held that Legislators Will  
Receive Six Dollars a Day for  
Their Services—Bills Are  
Introduced.

Guthrie, Ok., Jan. 20.—Only thirteen subjects for prospective legislation were included in the governor's message which was given to the Oklahoma legislature, convening in special session this morning, but there is a liberal promise of additional recommendations as the session continues. Five of the subjects include appropriations aggregating \$98,380.97. Nothing was said about the banking law save in a general way commending it and urging the favor in which it is held—that, however, without a tangible reference to probable amendments.

The Harris-Day minority report of the Code Commission submitted to the governor on yesterday was not transmitted to the legislature, but the legislature is asked to name a committee to confer with the code commission and determine upon what has been done, and the broad language used in the message is taken by members as meaning that an extension of time with proper appropriations will be satisfactory to the executive.

Taxation in several phases was covered by a series of recommendations. No reference was made to a plan by which excessive levies for 1909 could be reduced as was done during the regular session for 1908 but it is understood tonight that a bill is in course of preparation that will attempt to give relief. The extension of paying time was recommended.

Members regard the message concerning taxes of considerable value particularly in suggesting means to prevent unreasonable collections in the future and curbing the general taste for costly public improvements in cities and districts.

Several bills were offered in the house to cure defects in the present general revenue law.

Reference to county and district officers' fees and salaries was brief. There were two bills on this subject offered later.

## Message Read at Noon.

Gov. Haskell read his message in a joint session of the two houses about noon. Owing to differing opinions as to the pay of members during a special session it was agreed in each branch, as an extra precaution, to perfect reorganization plying through the form of electing officers, so as to give the legislature the status of the regular session. This permits the members to draw \$6 per day otherwise some feared the session would be consigned but a continuation of the old, and the pay would be only \$2 per day. Just how the reorganization will affect legality of the pay no one has figured out. It is generally held, however, under a liberal construction of the constitution, that the \$6 salary applies.

Each branch assembled at 9 a. m., as per the executive proclamation. In the house there were fourteen absentees, eight of them republicans. Representative Thimmon of Nowata democratic caucus chairman, called the House to order. Representative Japp nominated Ben Wilson of Canadian for speaker and C. G. Jones, of Oklahoma City, floor leader of the republican minority presented Representative Clark, the minority caucus chairman, as a candidate. Clark voted for Wilson and Wilson voted for Clark, and Wilson was elected by a vote of 62 to 33.

Ben H. Harrison of Calvin was elected speaker pro tem. W. H. Ebey of Ada, chief clerk. N. A. Gordon, Oklahoma City, reading clerk. Bruce Ott of Tahoka, clerk of the Senate. Ben H. Harrison of Calvin was elected speaker pro tem.

## Furnish Administrators Oath.

Presiding Judge Furman of the Criminal Court of Appeals administered the oath to Speaker Wilson at the proper time. Chaplain Jones of Pittsburg county offered prayer and the legislature began moving as though the adjournment had been the night before. The only change noted was absence of the Jim Crow section in the House gallery. In the Senate the sign was conspicuously displayed.

After hearing the governor's message, the following measures were introduced in the house.

Joint resolution by Mr. Wallace for appointment of a committee of six to examine the work done by the code committee, with instructions to make a report within ten days.

Bills by Mr. Durham of Pottawatomie fixing fees and salaries, brief review of which appeared in the News of Jan. 20 by Mr. Wallace, extending the time for paying 1908 taxes from Feb. 1 to April 1, taxes to be delinquent May 1, by Mr. Dunn of Oklahoma county, to provide for sale of all tracts of public lands lying within the limits of cities or towns under rules fixed in the general sales act of the regular session by Mr. Helm of Creek, for two payments of taxes beginning with assessment of 1910 Dec. 15 and July 1 of each year, also extending time for paying one half of 1909 taxes from Feb. 1 to April 15, the same to be delinquent thirty days later also, by Mr. Helm, making it unlawful to assess property upon the basis that it is prospective oil-producing property.

### WOMAN LOSES HER 21 DOGS.

San Francisco Humane Society Takes  
Away Recluse's Pets.

San Francisco, Jan. 21.—Empty and  
forlorn is the little house at Sec-  
ond and Bryant streets where lived  
Mrs. Mattie Harley and her twenty-  
one dogs. No more will the Great  
Danes and Spanish poodles frisk  
about the skirts and gladden the  
heart of their mistress, forsook her  
husband and her home that she might  
be alone with them. An aching void  
quivers over the humble home and  
the silences linger, where erstwhile  
the thundering bays of the New-  
foundlands and the petulant bark of  
the Scotch terriers were wont to  
ravish the ears of the quondam pas-  
senger.

"Dogs cannot live by love alone,"  
said the Society for the Prevention  
of Cruelty to Animals to Mrs.  
Harley, "and, moreover, it is not well  
for a woman to live with such a mul-  
titude of canines in such pent-up  
quarters." Therefore the society gath-  
ered the dogs together and took them  
to the society's home for orphaned  
dogs.

And the desolated heart of their  
mistress was partially comforted in  
the assurance of the society that  
no harm should come to her pets  
for whom she had sacrificed so much  
and that if the ruler of the dog heav-  
en were kind they should each in  
due time find a comfortable home  
where love and meat would abound.

## HUGHES NOT A CANDIDATE!

New York Governor Says He Has  
Authorized No Statement.

New York, Jan. 21.—The New York  
Tribune today says  
"Governor Hughes will not under  
any circumstances be a candidate for  
re-election. This he Tribune is able  
to announce positively. The governor  
has clearly expressed himself more  
than once as under obligations for  
confidence shown and honor con-  
ferred by the people and he has no  
patience with the idea that he is  
making a sacrifice. Nevertheless,  
whatever the privileges of the ex-  
ecutive office and however highly  
he may be appreciated, private  
obligation cannot be indefinitely dis-  
regarded and the governor is deter-  
mined to return to his law practice."  
Governor Hughes declined to dis-  
cuss the report of his refusal to be  
a candidate for re-election further  
than to say that he had made no  
authoritative announcement.

### TRAMP REPAYS KINDNESS.

New Prosperous, Sends Brakeman  
Who Aided Him \$500.

Denver, Jan. 21.—Seven years ago  
James L. Harvey, now a Rio Grande  
switchman here, was brakeman on a  
freight in Oklahoma and befriended  
a tramp.

A few days ago Harvey received a  
letter from the tramp Charles Mc-  
Namara now a rich miner of Mur-  
ray, Id. Inclosing a check for \$500  
as a Christmas gift. Harvey per-  
mitted McNamara to ride over his di-  
vision gave him clothes, a meal a  
bed and a \$2 bill.

McNamara says in his letter that  
he had resolved to kill himself when  
he met Harvey. But the help he got  
gave him courage to renew his bat-  
tle with the world, and he is now  
prosperous. He tells Harvey to "give  
the high sign" when he wants any-  
thing.

### THIRTY MILLIONS INVOLVED.

City of Cleveland Wins Suit But  
Railroads Will Appeal.

Cleveland, Jan. 21.—The city of  
Cleveland was today given legal pos-  
session of between \$20,000,000 and  
\$30,000,000 worth of lake front prop-  
erty in the down town section of the  
city by a decision of the circuit  
court in which the lower court was  
sustained.

The case will be carried to the  
supreme court by the railway com-  
panies which have had possession of the  
land for sixty-five years. There are  
about forty acres involved which the  
court held was illegally sold to the  
railways originally. The question has  
been in litigation many years.

### THIRTEEN BOATS SEIZED.

United States Marshal Takes Pos-  
session of a Fleet.

Milwaukee, Jan. 21.—Following the  
appointment of a receiver in Cleve-  
land, O., for the Great Lakes Transpor-  
tation company, United States Mar-  
shal H. A. Well today seized thir-  
teen boats belonging to the com-  
pany which are in Milwaukee har-  
bor. Twenty-five different writs of  
attachment were secured by credi-  
tors of the defunct company against  
the vessels here.

### BORN AMID THE ICE FLOES.

Twins Are Named "Ohio and Vir-  
ginia" by Proud Parents.

Gallipolis, O., Jan. 21.—While be-  
ing buffeted about in an ice floe on  
the Ohio river last night Mr. and Mrs.  
William Shields became the parents  
of twin girls. The family lived on a  
house boat moored at Millwood, W.  
Va. The boat was torn loose by the  
ice and when it landed today the  
mother was attended by physicians.  
The girls were named Ohio and  
Virginia as a memory of the trying  
ordeal under which they were born.

### LITTLE WILL WAGER \$5,000 FRISCO GETS BOUT

JOHNSON'S MANAGER SWEET ON  
SAN FRAN.

Johnson, However Is Just as Sure  
He Will Fight at Salt Lake  
July 4.

New York, Jan. 21.—There appears  
to be a little difference of opinion  
between Jack Johnson and George  
Little his manager, as to where  
the championship fight is likely to  
occur. Johnson was quoted here to-  
day as follows:

"If Rickard says the fight is go-  
ing to take place at Salt Lake it  
will be Salt Lake. He is the man  
with the dough and that is what I  
am after. Jeffries and I are in this  
business for money. Rickard is the  
man with the dough and what he says  
goes."

"As far as I am concerned, I'm  
willing to fight Jeffries anywhere. I  
have no personal preferences so long  
as Jeffries is on hand and in his  
best form."

Little Picks San Francisco.  
But here is what Little had to say  
regarding the controversy, a few min-  
utes later:

"You can take it from me that the  
fight will never be pulled off in  
Utah. The site which has been agreed  
upon is at Ocean View a short dis-  
tance south of San Francisco. A  
temporary arena to seat 30,000 is to  
be constructed and a railroad com-  
pany has agreed to deposit the tick-  
et holders at the gates within twen-  
ty minutes after they leave Fort and  
Market streets, San Francisco. I'm  
willing to bet \$5,000 that the fight  
takes place in California."

### Jeff Is Pleased.

James J. Jeffries announces that  
he is delighted to learn of Roosevelt's  
interest in his coming fight with  
Johnson. A telegram from Jeffries  
given out here today, is as follows:  
"Lincoln, Neb., Jan. 21.—I am glad  
to know that the battle which I am  
about to engage in interests me like  
Theodore Roosevelt. I believe that it  
means more than just deciding the  
heavyweight championship.  
"The interest of Roosevelt may  
mean that this fight might place the  
boxing game on a higher plane than  
that which it has formerly occupied."

### GOSSIP OF THE FIGHTERS.

Jeffries, who is due to fight John-  
son for a trifle over \$100,000 fought  
his first ring battle for the munifi-  
cent sum of \$750, and he had to  
knock his man out to win it too.  
It was in Los Angeles, Cal., and Jeff  
fought another rookie like himself.  
Jeff handed the sleep punch to his  
fellow-rube in three rounds. John  
Webb, a local fight promoter, claims  
that he had to argue with Jeff a long  
while before the brawler would con-  
sent to try the glove game. "If he  
hadn't fought that three-round fight  
he never would have thought of stick-  
ing to fighting," says Webb.

"Billy McIntosh of Detroit, who  
brought out Tommy Burns, will meet  
the ex-champion in Paris in March  
and again become his manager."  
Jack Brown, a San Francisco light  
weight, reached Chicago and at once  
issued a challenge to any local 125  
pounder. He is located at 212 Lo-  
cust street.

James Edward Brit has been show-  
ing the natives of South Africa the  
most polished thing in a pugilistic  
line they have viewed since the visits  
of J. O'Brien to the land of the Boer.  
Brit is now making Johannesburg, Trans-  
vaal, his headquarters. Jimmy  
is on his way to Australia, where he  
is to fight for Hugh McIntosh.

Two good fights of the Little men  
were pulled off in New York and  
Brooklyn last night. At the Olympic  
Athletic club "Pat" Moore of Phila-  
delphia earned an easy ten round  
victory over Harry Thomas, the Eng-  
lish amateur champion. Moore was  
the aggressor except in the first  
round, which was slow and uninter-  
esting.

Joe Coster had a shade the better  
of Phillie McGovern at the Bedford  
Athletic club in Brooklyn. In the  
tenth round Coster practically had  
McGovern knocked out.

Billy Ppke and his brother and  
manager, Ed, passed through Chic-  
ago last night on their way to New  
York. They expect to sail for Europe  
Wednesday and to take on the best  
middleweights to be found on the  
other side. Billy has been spend-  
ing some weeks at Hot Springs, and  
was looking in great shape. It looks  
now as if he ought to beat anything  
that will be brought up before him.  
Either London or Paris. His first  
effort will be to get a match with  
Harry Thomas, the English champion.  
If a London club will put it on.  
Pete Savoy fought a five-round  
draw with a lightweight named Ma-

lone as a preliminary to the Clabby-  
Morrow match at Memphis.

## CHANCE AND KLING TO CONFER.

Reported That Catcher Will Play in  
Chicago or Philadelphia

Chicago, Ill., Jan. 21.—Catcher  
John Kling will return to the Clubs  
this season or will be traded to Phila-  
delphia. That is the opinion of a  
well known local baseball fan and  
intimate friend of Manager Frank  
Chance of the west-side team.

The belief that the holdout catch-  
er will be traded to Philadelphia has  
been growing stronger in baseball  
circles, and it is now believed that  
upon his return from California Man-  
ager Chance will set off in Kansas  
City to talk over the terms of the  
proposed deal with the backstop.  
There is no doubt that the catcher  
is eager to get back into the har-  
ness of major league baseball. Close  
friends say that he did not make as  
much money out of his billiard hall  
and semipro playing last season as  
he could have earned by playing with  
the Cubs. Furthermore, he did not  
receive a share of that \$10,000 that  
was distributed among the players  
for winning the national league cham-  
pionship in 1908.

### Fears He May Lose Out.

In striking a balance for his in-  
come of last year Kling saw that he  
had not only been losing money, but  
was in danger of losing his stand-  
ing as a peerless catcher through in-  
activity.

Failure to close a deal with Cin-  
cinnati, in which Kling's name is sup-  
posed to have been mentioned, has  
only strengthened the belief that  
special efforts will be made to in-  
duce him to play with the Cubs, or  
in the event of his refusal to con-  
sent to that, to agree to play with  
the Phillies.

### Is Ready to Compromise.

Report from Kansas City indicate  
that Kling is wavering in his deter-  
mination to keep out of major league  
baseball and it is believed now that  
he is but awaiting an interview with  
Manager Chance to plan for a tri-  
umphant re-entry either as a mem-  
ber of the Cub team or as a mem-  
ber of the Phillies. In either event  
the local club will profit handsomely.

To land him for the Phillies, Pres-  
ident Fogel is willing to make an  
exchange that will prove of great  
benefit to the westsiders, and should  
John decide to play here his pres-  
ence would be of untold value to  
the Cubs.

### PHILIPPI NOT HAS BEEN.

The Deacon Declares He Is Still in  
Game and Signs.

Pittsburg Pa., Jan. 21.—Charles  
"Deacon" Phillippe, the veteran pitch-  
er of the Pittsburg Baseball club,  
thinks he is good for still another  
season, for last night his contract  
for 1910 was received at the club  
headquarters with his signature at-  
tached. Barney Dreyfus had sent the  
contract with the terse note, "If you  
think you can deliver the goods sign  
this and return."

The Deacon apparently thinks so,  
for no note was inclosed with the  
contract.

### GOSSIP OF THE BALL PLAYERS.

A Cleveland man has sworn out a  
warrant for the arrest of Rube Mar-  
quard, pitcher for the New York  
Giants, on the charge of having swiped  
a diamond ring valued at \$215.  
Baseball fans of Nap'town think that  
the complainant has been imposed  
upon by a confidence person who took  
the liberty of using the pitcher's  
name.

President Pat Powers will not make  
out the Eastern league schedule un-  
til the Canadian Racing association has  
selected its dates. Last year  
Eastern league baseball suffered  
through conflict with racing at Mon-  
treal, Toronto and Fort Erie.

William Carrigan, the Red Sox  
catcher from Lewiston, Me., came  
across with his signed contract yester-  
day, thus joining the squad of the  
"satisfied" who will now begin to  
think only of reporting day and of  
Manager Patsy Donovan's campaign.  
The old Holy Cross man felt last fall  
that he was entitled to unusual con-  
sideration for 1910, and his demands  
were correspondingly strenuous. But  
there was nothing doing except the  
policies of the club. Then we be-  
gan to hear of Bill's going to De-  
troit, a story that had a decidedly lo-  
cal bouquet. But no one seemed to  
be startled, for there was no chance  
and now Carrigan's signed con-  
tract is in the Red Sox big safe, but the  
player will go into the coming sea-  
son knowing that there's a big har-  
vest ahead for him if he keeps up  
his hitting, and continues to improve  
as a major league backstop.

Red Doolin is the oldest member of  
the Phillies, but claims he is not  
over 30 years of age. He is also one  
of the lightest catchers in the Na-  
tional league—weighing 156 pounds  
in street attire.

While there are a thousand and one  
rumors about ball players being serv-  
ed as daily fare, the majority of the  
have a least some sort of founda-  
tion. Consequently the statement  
that "Mike" Mowrey may be sent to  
Newark by Roger Bresnahan, man-  
ager of the St. Louis Cardinals, should  
not be passed unnoticed.

Engene Moore, the left-handed  
pitcher of the Dallas club in the Tex-  
as league last year, is the latest ac-  
quisition to the Pittsburg club.  
Moore's contract with his signature  
attached was received yesterday by  
President Barney Dreyfus.

Frank Chance has purchased eleven  
acres of orange land adjoining his  
already extensive ranch at Glendora,  
Cal. This makes thirty-two acres in  
all owned by Chance.  
Whether a baserunner who over-  
runs first base can turn to the left  
without turning toward second base is  
one of the cloudy interpretations of  
the rules that will be discussed at  
the meeting of the rules committee  
next week.

Johnny Evers expects to reach the  
Cub training camp early in March.  
There will be no reporting after this  
season opens for John this time.

### Timely Advice.

Property was never cheaper in Ada  
in proportion to its size than now.  
The enhancement of real estate val-  
ues here have not kept pace with  
the city's growth. This being true,  
your better judgment suggests that  
you buy something today—when the  
boom and stiff values come, you will  
say, "too late."

### Timely Advice.

Property was never cheaper in Ada  
in proportion to its size than now.  
The enhancement of real estate val-  
ues here have not kept pace with  
the city's growth. This being true,  
your better judgment suggests that  
you buy something today—when the  
boom and stiff values come, you will  
say, "too late."

# THIEF CARRIES OFF ST. LOUIS MAN'S GRIP

**VALUABLE HAND BAG OF S. T. BROWNE STOLEN.**  
Left on Platform of Frisco Depot Yesterday—Thief Is Being Sought.  
The officers are looking for the thief who stole a handbag belonging to S T Browne yesterday. Browne is a traveling salesman, representing a St Louis firm, and was in the city calling on his trade. He registered at the Harris hotel and near train time his grip was taken to the Frisco depot by a transfer man who placed it on the platform among several other grips which were waiting for their owners to carry them in the train. Several minutes after the grip was left on the platform it was seen and recognized by several persons but when Browne got ready for it it wasn't in sight. He left this morning to visit his customers south of here and the grip which he considers valuable is being looked after. Browne's home address is Oklahoma City.  
**MUST HAVE A BAND.**  
Merchants Could Well Afford to Encourage New Organization.  
There is considerable agitation to organizing a concert band of twenty or more pieces. L W Conger with the Laidlaw Lumber Co and Geo. Stonum the watchmaker and jeweler, are experienced band men and are willing to give time and effort in the organization of a new band. Everyone is aware that a good band is a credit to a town and Ada, now entering into a class with leading Oklahoma cities should not be without a good concert band. This is election year, too, and picnic season is approaching and it would be a shame to be without band music during the big times of this summer and fall. A good instructor can be had for \$65 per month and together with additional expenses only \$75 would be required to ensure a strong aggregation of musicians. The merchants could well afford to put this amount up until a period when he board could be self supporting. If you have an opportunity, boost it along.  
**Notice of Dissolution of Partnership.**  
Doctors Craig and Runyan by mutual agreement dissolved partnership January 1 1910. Dr Runyan assumes all indebtedness of the firm and will collect and receipt for all bills due the firm. All bills will be mailed as soon as possible. All bills remaining unadjusted Feb. 1, 1910, will be considered delinquent, and will be placed in the hands of atorney after that date. The Ada National Bank is authorized to receipt for any money paid in. J. R RUNYAN, M D 20-10t  
**The Comet a Good Sign.**  
The comet which now makes its appearance each evening in the west is directly over the Ada Oil and Gas Co's well, and if you will observe it resembles a huge gusher in operation. The head representing the mouth of the well and the long tail the cloud of gushing oil. Since the astronomers are unable to tell from whence it cometh or whither it goeth we suggest that it foretells the coming in of the first oil gusher in the Ada fields.

# MAN SHOWS UP AFTER ADVERTISED MULE IS SOLD

**T. W. LADD DISAPPOINTED WHEN ANIMAL IS GONE.**  
Was Advertised and Disposed of by Chief of Police—Ladd Gets \$95 for Mule.  
On December 27 a stray mule came to town, was "pounded," advertised and sold Yesterday the owner of the mule arrived in Ada searching for the animal. The owner's name is T. W Ladd and his home is in Atoka county. He stated that in December two mules belonging to him left his premises. After several days of constant hunting, the sheriff of his county found one of the mules which was returned to him Ever since the straying off of the mule that was caught here Mr Ladd has been hunting for it. He got on trail of it a Stone-wall when a man who had heard of the mules taking up in this city, told the owner. When Mr Ladd came to Ada he was told by Chief of Police Culver that he had sold the mule after having advertised it. The chief sold it to Bud Gregg for \$85 and Gregg sold it to a Holdenville mule buyer who in turn shipped it to a market. Gregg received \$95 for the animal and presented the profit of \$10 to the owner which, with the \$85 which was received by the first sale, made Ladd \$95 for the long eared proposition. The law in a case of this kind is to keep a strayed animal five days advertise it for five days, then sell it.  
**CITY CLERK ISSUES MANY BUILDING PERMITS**  
MOST OF THEM ARE PERMITS FOR RESIDENCES.  
Several for Additions to Residences and One for Warehouse of Hardware Store.  
Building in Ada goes merrily on. Several parties will soon begin the erection of buildings who as yet have not taken out permits. The year 1910 has started in that manner which bespeaks of greater activity in the building line than ever before. The following permits have been issued by City Clerk Jones: Geo Currant, lots 7 and 8 block 33, residence. Bud White, lots 1 and 2, block 113 Addition to residence. Chas Ray, lots 5 and 6 block 138, residence. Mary Robinson lots 14 and 15 block 55 residence. Ada Hardware Co, lot 19, block 92, warehouse. Chas T. Barney, lot 13, block L Sunrise, residence. A J Ferguson, lot 9, block 38, addition to residence.  
**TROLLEYLESS STREET CARS.**  
Edison Successfully Tests Storage Battery System.  
New York, Jan 21—What seemed in every way a successful test of a street car equipped with new Edison storage battery was made this morning on the Orange Valley and Passaic Electric Railway at West Orange, N J. At no time was difficulty experienced in starting, slowing down, applying brakes or accelerating speed. The car is equipped with 210 cells, arranged under the seats on both sides. Of these cells, 200 are for propulsion and ten for lighting, with a total force of fifty-horsepower. Edison estimates that the cost of driving the new car will be a mile if the test today satisfies the experts, the problem of cables and overhead wires will be solved for city traction companies, as the new car generates its own power.  
**MILES DIDN'T GO.**  
Failure of Requisition Papers to Arrive Keeps Him Here.  
Undersheriff A. L Miles did not leave yesterday for Los Angeles to bring back the negro Lewis, who is wanted here for fraud, and who is being held in Los Angeles for the arrival of the undersheriff. His departure is delayed owing to the non-arrival of requisition papers from Governor Haskell as soon as these credentials come Miles will leave for the California city.

# LEGISLATURE SESSION OPENED

(Continued from Page 1)  
ty, but requiring assessors to adhere to actual known value.

**Senate Proceedings.**  
Proceedings in the senate were practically the same as those in the House in regard to reorganization. But three Senators were absent, being Mr. Allen of Carter county, Mr. Cunningham of Guthrie and Mr. Wynne of Lexington. Lieut. Gov. Bellamy presided, Sen. or Graham of Marietta was elected president pro tempore of the senate and the following officers chosen: J. R. Finlay, Clarendon, secretary; James Riley Thacker, Hollis, enrolling clerk; J. F. Etter, Ada, sergeant-at-arms; Joe Haskell, son of Gov. Haskell, Guthrie, messenger; A. M. Works, Hugo, official reporter; A. H. Tucker, Edmond, chaplain; Herbert Cook, Enid, journal clerk; Cliff Caldwell, Weahtford, reading clerk; Claude Beard, doorkeeper; P. P. Duffey, El Reno, secretary to the lieutenant governor.

Like the House, the senate lost no

time in starting the grid as soon as it was learned officially what the governor's message contained, and the following measures were introduced.

By Senator Russell, submitting to a vote of the people proposed constitutional amendment making equal distribution between all counties of taxes for public school purposes received from assessors of public service corporations, providing such corporations operates in more than one county, distribution not to affect county levies; and by Senator Smith, county and district officers' fee bill, including clerk of the supreme court and court of criminal appeals.

**Salaries of Officers.**  
The Smith bill fixes a maximum salary for officers, providing that the officer shall apply on his salary fees he collects, but if not sufficient to make full amount, the county pays the remainder, if more than the salary, such excess fees go in to the country treasury. Senator Graham offered a concurrent resolution requesting the federal government to give the state the Chilocco Indian reservation school property for public purposes, which passed without a negative vote.

Senator Russell offered a bill providing that the district judge shall select special attorneys to appear before grand juries when they are

necessary, the designation now being made by the governor, when requested by county attorneys. Point of order was raised against the bill because that subject had not been covered in the governor's message and adjournment was taken pending a ruling by the chair (Senator Graham). Senator Russell announced that the bill was offered "for the good of the order."

Both democrats and republicans are in caucus tonight.

## MUD DELAYS FUNERALS.

## Four Horses Can Hardly Pull Hearse Over Roads.

Wichita, Kas., Jan. 21.—Continued warm weather has caused the ground to thaw and the roads are in such bad condition that the holding of funerals is being delayed. In order to get to Maple Grove cemetery, it is necessary to hitch four horses to a hearse, and the same number of horses can hardly pull the vehicle containing the pallbearers. Even with four horses it is necessary to stop frequently to allow the horses to rest.

Such bad roads were never known here before. The farmers are unable to get into town, and because of this there is a threatened hay famine. Roads in other counties from which hay is shipped are bad and the shippers can't supply the demand from this city.

SOUTH AFRICAN  
COMET SEEN HERE

ADA GAZES AT THE BRILLIANT  
SCENE AT SIX-THIRTY  
THURSDAY EVE.

## AWAKENS MUCH INTEREST

Was in Southwest Part of Sky and  
Tail Extended Into the Heavens  
No Advance Notice of  
Its Arrival.

The comet discovered in South Africa a few days ago was plainly seen in Ada last evening at about 6:30.

Its location was in the southwest and it was head first, the tail entering the clouds.

No announcement of the comet's appearance in Ada was received but as soon as it was sighted low in the heavens it was recognized. The comet created a great deal of interest in this city and everybody was telephoning everybody else, telling them of the brilliant sight.

The Lick observatory advises that the comet may be seen for the next few evenings.

A mention was made of this comet in the Evening News of last Wednesday. It was as follows:

San Jose, Cal., Jan. 18.—Astronomer A. G. Aiken of the Lick Observatory today gave the following statement to the Association Press:

The comet discovered in South Africa a day or two ago is brighter than the planet Venus. It was easily seen at the Lick Observatory at noon today with the naked eye. I was about four degrees east of the sun and half a degree north of it and was moving toward the northeast. In a clear sky it would be a brilliant object for the next few evenings and should be looked for in the southwestern sky immediately after sunset.

Daylight observations today by astronomer Wright showed that the spectrum of the comet's nucleus is continuous, crossed by bright, sodium lines extending into the coma.

AMERICA WINS  
AEROPLANE RACE

CURTISS WINS FROM FAULHAN  
IN LOS ANGELES FLYING  
FIELD.

## INTERNATIONAL MEET OVER

The Frenchman Wins Majority of the  
Events, Being on Sensational  
Order in Cross-Country and  
High Flights.

Los Angeles, Cal., Jan. 20.—As dusk gathered tonight four flying machines which had been circling in the air sailed to earth. The aviators walked to their tents the great crowd filed down the roadway and America's first international aviation meet was over.

Few new that one man had been near death in those last few minutes. Charles K. Hamilton was returning from a fifteen-mile flight toward the ocean and while still a mile from the aviation field the crankshaft of his machine snapped. No one in the crowd noticed anything wrong. Hamilton shut off his engine and so leveled and swayed his planes that he was wafted gently down. I was the best piece of emergency handling of a machine that has been seen at the meet.

Curtiss and Faulhan rivals of the meet furnished the excitement of the closing day. They were both flying, when it was seen that a great race was on—the first real race of the ten days.

The two aeroplanes full speed on, came over the grand stand with the speed of express trains. The Frenchman for a few minutes held his own then Curtiss, in his American machine, forged ahead a length and won by half a lap.

## Curtiss Machines Swiftest.

The Curtiss machines have won all of the prizes for speed quick starts, perfect landings and those events where a light swift machine showed best.

Faulhan has won all of the cross-country passenger-carrying and endurance tests, having a heavier, slower machine and an engine which he trusts absolutely. He has taken more than \$15,000 in prizes and broken world records for altitude and cross-country flight alone and with a passenger. Curtiss has broken no world records and will probably take less than \$5,000 in prizes.

## Recalls Carmack Murder.

LEGISLATURE  
SESSION OPENED

AFTER HEARING THE MESSAGE  
SENATE AND HOUSE GO TO  
WORK.

## WILSON RE-ELECTED SPEAKER

Generally Held that Legislators Will  
Receive Six Dollars a Day for  
Their Services—Bills Are  
Introduced.

Guthrie, Ok., Jan. 20.—Only thirteen subjects for prospective legislation were included in the governor's message which was given to the Oklahoma legislature, convening in special session this morning, but there is a liberal promise of additional recommendations as the session continues. Five of the subjects include appropriations aggregating \$38,380.97. Nothing was said about the banking law save in a general way commending it and urging the favor in which it is held—that, however, without a tangible reference to probable amendments.

The Harris-Day minority report of the Code Commission submitted to the governor on yesterday was not transmitted to the legislature, but the legislature is asked to name a committee to confer with the code commission and to determine upon what has been done, and the broad language used in the message is taken by members as meaning that an extension of time with proper appropriations will be satisfactory to the executive.

Taxation in several phases was covered by a series of recommendations. No reference was made to a plan by which excessive levies for 1909 could be reduced as was done during the regular session for 1908 but it is understood tonight that a bill is in course of preparation that will attempt to give relief. The extension of paying time was recommended.

Members regard the message concerning taxes of considerable value particularly in suggesting means to prevent unreasonable collections in the future and curbing the general taste for costly public improvements in cities and districts.

Several bills were offered in the house to cure defects in the present general revenue law.

Reference to county and district officers fees and salaries was brief. There were two bills on this subject offered later.

## Message Read at Noon.

Gov. Haskell read the message in a joint session of the two houses about noon. Owing to differing opinions as to the pay of members during a special session it was agreed in each branch, as an extra precaution, to perfect reorganization plodding through the form of electing officers, so as to give the legislature the status of the regular session. This permits the members to draw \$5 per day otherwise some feared the session would be consigned but a continuation of the old, and the pay would be only \$2 per day. Just how the reorganization will effect legality of the pay no one has figured out. It is generally held, however, under a liberal construction of the constitution, that the \$5 salary applies.

Each branch assembled at 9 a. m. as per the executive proclamation in the house there were fourteen absentees, eight of them republicans. Representative Tillotson of Nowata democratic caucus chairman, called the House to order. Representative Japp nominated Ben Wilson of Canadian for speaker and C. G. Jones, of Oklahoma City, floor leader of the republican minority presented Representative Clark, the minority caucus chairman, as a candidate. Clark voted for Wilson and Wilson voted for Clark, and Wilson was elected by a vote of 62 to 33—the party strength in each instance.

Ben H. Harrison of Calvin was elected speaker pro tem, W. H. Eby of Ada, chief clerk, N. A. Gordon, Oklahoma City, reading clerk; Bruce Ott of Yukon, state officer of Oklahoma City, and N. A. Gordon of Nowata.

## Pittsburg Admistrators Oath.

Presiding Judge Furman of the Criminal Court of Appeals administered the oath to Speaker Wilson. At the proper time Chaplain Jones of Pittsburg county offered prayer and the legislature began moving as though the adjournment had been the night before. The only change noted was absence of the Jim Crow section in the House gallery. In the Senate the sign was conspicuously displayed.

After hearing the governor's message, the following measures were introduced in the house:

Joint resolution by Mr. Wallace for appointment of a committee of six to examine the work done by the code committee, with instructions to make a report, within ten days.

Bills by Mr. Durham of Pottawatomie fixing fees and salaries, brief review of which appeared in the News of Jan. 20 by Mr. Wallace, extending the time for paying 1909 taxes from Feb. 1 to April 1, taxes to be delinquent May 1, by Mr. Dunn of Oklahoma county, to provide for sale of all tracts of public lands lying within the limits of cities or towns under rules fixed in the general sales act of the regular session by Mr. Helm of Creek, for two payments of taxes beginning with assessment of 1910 Dec. 13 and July 1 of each year, also extending time for paying one half of 1909 taxes from Feb. 1 to April 15, the same to be delinquent thirty days later also, by Mr. Helm, making it unlawful to assess property upon the basis that it is prospective oil-producing property.

### WOMAN LOSES HER 21 DOGS.

San Francisco Humane Society Takes  
Away Recluse's Pets.

San Francisco, Jan. 21.—Empty and  
forlorn is the little house at Sec-  
ond and Bryant streets where lived  
Mrs. Mattie Harley and her twenty-  
one dogs. No more will the Great  
Danes and Spanish poodles frisk  
about the skirts and gladden the  
heart of their mistress, forsook her  
husband and her home that she might  
be alone with them. An aching void  
quivers over the humble home and  
the silences linger, where erstwhile  
the thundering bays of the New-  
foundlands and the petulant bark of  
the Scotch terriers were wont to  
rattle the ears of the quondam pass-  
erby.

"Dogs cannot live by love alone,"  
said the Society for the Prevention  
of Cruelty to Animals to Mrs.  
Harley, "and, moreover, it is not well  
for a woman to live with such a mul-  
tiplicity of canines in such pent-up  
quarters." Therefore the society  
gathered the dogs together and took them  
to the society's home for orphaned  
dogs.

And the desolated heart of their  
mistress was partially comforted in  
the assurance of the society that  
no harm should come to her pets  
for whom she had sacrificed so much  
and that if the ruler of the dog heav-  
en were kind they should each in  
due time find a comfortable home  
where love and meat would abound.

### HUGHES NOT A CANDIDATE!

New York Governor Says He Has  
Authorized No Statement.

New York, Jan. 21.—The New York  
Tribune today says:  
"Governor Hughes will not under  
any circumstances be a candidate for  
re-election. This he has been able  
to announce positively. The governor  
has clearly expressed himself more  
than once as under obligations for  
confidence shown and honor con-  
ferred by the people and he has no  
patience with the idea that he is  
making a sacrifice. Nevertheless,  
whatever the privileges of the ex-  
ecutive office and however highly the  
honor may be appreciated, private  
obligation cannot be indefinitely dis-  
regarded and the governor is deter-  
mined to return to his law practice."  
Governor Hughes declined to dis-  
cuss the report of his refusal to be  
a candidate for re-election further  
than to say that he had made no  
authoritative announcement.

### TRAMP REPAYS KINDNESS.

New Prosperous, Sends Brakeman  
Who Aided Him \$500.

Denver, Jan. 21.—Seven years ago  
James L. Harvey, now a Rio Grande  
switchman here, was brakeman on a  
freight in Oklahoma and befriended  
a tramp.

A few days ago Harvey received a  
letter from the tramp Charles Mc-  
Namara now a rich miner of Mur-  
ray, Id. Inclosing a check for \$500  
as a Christmas gift. Harvey per-  
mitted McNamara to ride over his di-  
vision gave him clothes, a meal  
and a \$2 bill.

McNamara says in his letter that  
he had resolved to kill himself when  
he met Harvey. But the help he  
gave him courage to renew his bat-  
tle with the world, and he is now  
prosperous. He tells Harvey to "give  
the high sign" when he wants any-  
thing.

### THIRTY MILLIONS INVOLVED.

City of Cleveland Wins Suit That  
Railroads Will Appeal.

Cleveland, Jan. 21.—The city of  
Cleveland was today given legal pos-  
session of between \$20,000,000 and  
\$30,000,000 worth of lake front prop-  
erty in the down town section of the  
city by a decision of the circuit  
court in which the lower court was  
sustained.

The case will be carried to the  
supreme court by the railway com-  
panies which have had possession of  
the land for sixty-five years. There  
are about forty acres involved which  
the court held was illegally sold to the  
railways originally. The question has  
been in litigation many years.

### THIRTEEN BOATS SEIZED.

United States Marshal Takes Pos-  
session of a Fleet.

Milwaukee, Jan. 21.—Following the  
appointment of a receiver in Cleve-  
land, O., for the G.T. Christ Transpor-  
tation company, United States Mar-  
shal H. A. Well today seized thir-  
teen boats belonging to the com-  
pany which are in Milwaukee har-  
bor. Twenty-five different writs of  
attachment were secured by credi-  
tors of the defunct company against  
the vessels here.

### BORN AMID THE ICE FLOES.

Twins Are Named "Ohio and Vir-  
ginia" by Proud Parents.

Gallipolis, O., Jan. 21.—While be-  
ing buffeted about in an ice floe on  
the Ohio river last night Mr. and Mrs.  
William Shields became the parents  
of twin girls. The family lived on a  
house boat moored at Millwood, W.  
Va. The boat was torn loose by the  
ice and when it landed today the  
mother was attended by physicians.  
The girls were named Ohio and  
Virginia as a memory of the trying  
 ordeal under which they were born.

### LITTLE WILL WAGER \$5,000 FRISCO GETS BOUT

JOHNSON'S MANAGER SWEET ON  
SAN FRAN.

Johnson, However, Is Just as Sure  
He Will Fight at Salt Lake  
July 1.

New York, Jan. 21.—There appears  
to be a little difference of opinion  
between Jack Johnson and George  
Little his manager, as to where  
the championship fight is likely to  
occur. Johnson was quoted here to-  
day as follows:

"If Rickard says the fight is go-  
ing to take place at Salt Lake it  
will be Salt Lake. He is the man  
with the dough and that is what I  
am after. Jeffries and I are in this  
business for money. Rickard is the  
man with the dough and what he says  
goes."

"As far as I am concerned, I'm  
willing to fight Jeffries anywhere. I  
have no personal preferences so long  
as Jeffries is on hand and in his  
best form."

### Little Picks San Francisco.

But here is what Little had to say  
regarding the controversy, a few min-  
utes later:

"You can take it from me that the  
fight will never be pulled off in  
Utah. The site which has been agreed  
upon is at Ocean View, a short dis-  
tance south of San Francisco. A  
temporary arena to seat 30,000 is to  
be constructed and a railroad com-  
pany has agreed to deposit the tick-  
et holders at the gates within twen-  
ty minutes after they leave Fort and  
Market streets, San Francisco. I'm  
willing to bet \$5,000 that the fight  
takes place in California."

### Jeff Is Pleased.

James J. Jeffries announces that  
he is delighted to learn of Roosevelt's  
interest in his coming fight with  
Johnson. A telegram from Jeffries,  
given out here today, is as follows:  
"Lincoln, Neb., Jan. 21.—I am glad  
to know that the battle which I am  
about to engage in interests men like  
Theodore Roosevelt. I believe that it  
means more than just deciding the  
heavyweight championship.  
"The interest of Roosevelt may  
mean that this fight might place the  
boxing game on a higher plane than  
the which it has formerly occupied."

### GOSSIP OF THE FIGHTERS.

Jeffries, who is due to fight John-  
son for a trifle over \$100,000 fought  
his first ring battle for the munifi-  
cent sum of \$7,500, and he had to  
knock his man out to win it too.  
It was in Los Angeles, Cal., and Jeff  
fought another rookie like himself.  
Jeff handed the sleep punch to his  
fellow-rube in three rounds. John  
Webb, a local fight promoter, claims  
that he had a argue with Jeff a long  
while before the brawler would  
consent to try the glove game. "If he  
hadn't fought that three-round fight  
he never would have thought of stick-  
ing to fighting," says Webb.

Billy McIntosh of Detroit, who  
brought out Tommy Burns, will meet  
the ex-champ in Paris in March  
and again become his manager.  
Jack Brown, a San Francisco light  
weight, reached Chicago and at once  
issued a challenge to any local 133  
pounder. He is located at 212 Lo-  
cust street.

James Edward Brit has been show-  
ing the natives of South Africa the  
most polished thing in a pugilistic  
line they have viewed since the visit  
of J. O'Brien to the land of the Boers.  
Brit is now making Johannesburg, Trans-  
vaal, his headquarters. Jimmy  
is on his way to Australia, where he  
is to fight for Hugh McIntosh.

Two good fights of the little men  
were pulled off in New York and  
Brooklyn last night at the Olympic  
Athletic club "Pal" Moore of Phila-  
delphia earned an easy ten round vic-  
tory over Harry Thomas, the English  
bantamweight champion. Moore was  
the aggressor except in the first  
round, which was slow and uninter-  
esting.

Joe Coster had a shade the better  
of Philmie McGovern at the Bedford  
Athletic club in Brooklyn. In the  
tenth round Coster practically had  
McGovern knocked out.

Billy Epke and his brother and  
manager, Ed, passed through Chic-  
ago last night on their way to New  
York. They expect to sail for Europe  
Wednesday and to take on the best  
middleweights to be found on the  
other side. Billy has been spend-  
ing some weeks at Hot Springs, and  
was looking in great shape. It looks  
now as if he ought to beat anything  
that will be brought up before him.  
A either London or Paris. His first  
effort will be to get a match with  
Harry Thomas, the English champion.  
If a London club will put it on.

Pete Savoy fought a five-round  
draw with a lightweight named Ma-

lone as a preliminary to the Clabby-  
Morrow match at Memphis.

### CHANCE AND KLING TO CONFER.

Reported That Catcher Will Play in  
Chicago or Philadelphia

Chicago, Ill., Jan. 21.—Catcher  
John Kling will return to the Clubs  
this season or will be traded to Phila-  
delphia. That is the opinion of a  
well known local baseball fan and  
intimate friend of Manager Frank  
Chance of the west-side team.

The belief that the holdout catch-  
er will be traded to Philadelphia has  
been growing stronger in baseball  
circles, and it is now believed that  
upon his return from California Man-  
ager Chance will a top off in Kansas  
City to talk over the terms of the  
proposed deal with the backstop.

There is no doubt that the catcher  
is eager to get back into the har-  
ness of major league baseball. Close  
friends say that he did not make as  
much money out of his billiard hall  
and semipro playing last season as  
he could have earned by playing with  
the Cubs. Furthermore, he did not  
receive a share of that \$10,000 that  
was distributed among the players  
for winning the national league cham-  
pionship in 1908.

### Fears He May Lose Out.

In striking a balance for his in-  
come of last year Kling saw that he  
had not only been losing money, but  
was in danger of losing his stand-  
ing as a peerless catcher through in-  
activity.

Failure to close a deal with Cin-  
cinnati, in which Kling's name is sup-  
posed to have been mentioned, has  
only strengthened the belief that  
special efforts will be made to in-  
duce him to play with the Cubs, or  
in the event of his refusal to con-  
sent to that, to agree to play with  
the Phillies.

### Is Ready to Compromise.

Report from Kansas City indicate  
that Kling is wavering in his deter-  
mination to keep out of major league  
baseball and it is believed now that  
he is but awaiting an interview with  
Manager Chance to plan for a tri-  
umphantly re-entry either as a mem-  
ber of the Cub team or as a mem-  
ber of the Phillies. In either event  
the local club will profit handsomely.

To land him for the Phillies, Pres-  
ident Fogel is willing to make an  
exchange that will prove of great  
benefit to the westsiders, and should  
John decide to play here his pres-  
ence would be of untold value to  
the Cubs.

### PHILIPPI NOT HAS BEEN.

The Deacon Declares He Is Still in  
Game and Signs.

Pittsburg, Pa., Jan. 21.—Charles  
"Deacon" Phillippe, the veteran pitch-  
er of the Pittsburg Baseball club,  
thinks he is good for still another  
season, for last night his contract  
for 1910 was received at the club  
headquarters with his signature at-  
tached. Barney Dreyfus had sent the  
contract with the terse note, "If you  
think you can deliver the goods sign  
this and return."

The Deacon apparently thinks so,  
for no note was inclosed with the  
contract.

### GOSSIP OF THE BALL PLAYERS.

A Cleveland man has sworn out a  
warrant for the arrest of Rube Mar-  
quard, pitcher for the New York  
Giants, on the charge of having swip-  
ed a diamond ring valued at \$215.  
Baseball fans of Nap'own think that  
the complainant has been imposed  
upon by a confidence person who took  
the liberty of using the pitcher's  
name.

President Pat Powers will not make  
out the Eastern league schedule un-  
til the Canadian Racing association  
has selected its dates. Last year  
Eastern league baseball suffered  
through conflict with racing at Mon-  
treal, Toronto and Port Erie.

William Carrigan, the Red Sox  
catcher from Lewiston, Me., came  
across with his signed contract yes-  
terday, thus joining the squad of the  
"satisfied" who will now begin to  
think only of reporting day and of  
Manager Paty Donovan's campaign.  
The old Holy Cross man felt last fall  
that he was entitled to unusual con-  
sideration for 1910, and his demands  
were correspondingly strenuous. But  
there was nothing doing except the  
generous raise that was coming under  
the policies of the club. Then we be-  
gan to hear of Bill's going to De-  
troit, a story that had a decidedly lo-  
cal bouquet. But no one seemed to  
be startled, for there was no chance  
and now Carrigan's signed con-  
tract is in the Red Sox big safe, but  
the player will go into the coming  
season knowing that there is a big har-  
vest ahead for him if he keeps up  
his hitting, and continues to improve  
as a major league backstop.

Red Doolin is the oldest member of  
the Phillies, but claims he is not  
over 30 years of age. He is also one  
of the lightest catchers in the Na-  
tional league—weighing 155 pounds  
in street attire.

While there are a thousand and one  
rumors about ball players being serv-  
ed as daily fan food, the majority of  
the have a least some sort of foun-  
dation. Consequently the statement  
that "Mike" Mowrey may be sent to  
Newark by Roger Bresnahan, man-  
ager of the St. Louis Cardinals, should  
not be passed unnoticed.

Engene Moore, the left-handed  
pitcher of the Dallas club in the Tex-  
as league last year, is the latest ac-  
quisition to the Pittsburg club.  
Moore's contract with his signature  
attached was received yesterday by  
President Barney Dreyfus.

Frank Chance has purchased eleven  
acres of orange land adjoining his  
already extensive ranch at Glendora,  
Cal. This makes thirty-two acres in  
all owned by Chance.

Whether a baserunner who over-  
runs first base can turn to the left  
without turing toward second base is  
one of the cloudy interpretations of  
the rules that will be discussed at  
the meeting of the rules committee  
next week.

Johnny Evers expects to reach the  
Cub training camp early in March.  
There will be no reporting after the  
season opens for John this time.

### Timely Advice.

Property was never cheaper in Ada  
in proportion to its size than now.  
The enhancement of real estate val-  
ues here have not kept pace with  
the city's growth. This being true,  
your better judgment suggests that  
you buy something today—when the  
boom and stiff values come, you will  
say, "too late."

"We desire the membership to understand that the officers are in perfect harmony on this matter but feel that it is a question that should be settled by the State Union in delegate convention"

There is considerable agitation to organizing a concert band of twenty or more pieces

Everyone is aware that a good band is a credit to a town and Ada, now entering into a class with leading Oklahoma cities should not be without a good concert band This is election year, too, and picnic season is approaching and it would be a shame to be without band music during the big times of this summer and fall  
A good instructor can be had for \$65 per month and together with additional expenses only \$75 would be required to ensure a strong aggregation of musicians The merchants could well afford to put this amount up until a period when he board could be self supporting. **T. W. LADD DISAPPOINTED WHEN ANIMAL IS GONE.**  
Was Advertised and Disposed of by Chief of Police—Ladd Gets \$85 for Mule.  
On December 27 a stray mule came to town, was 'pounded, advertised and sold Yesterday the owner of the mule arrived in Ada searching for the animal  
The owners name is T. W Ladd and his home is in Atoka county He stated that in December two mules belonging to him left his premises After several days of constant hunting, the sheriff of his county found one of the mules which was returned to him Ever since the straying off of the mule that was caught here Mr Ladd has been hunting for it He got on trail of it a Stone-wall when a man who had heard of the mules taking up in this city, told the owner  
When Mr Ladd came to Ada he was told by Chief of Police Culver that he had sold the mule after having advertised it The chief sold it to Bud Gregg for \$85 and Gregg sold it to a Holdenville mule buyer who in turn shipped it to a market, Gregg received \$85 for the animal and presented the profit of \$10 to the ex-owner which, with the \$85 which was received by the first sale, made Ladd \$95 for the long eared proposition  
The law in a case of this kind is to keep a strayed animal five days advertise it for five days, then sell it

**TROLLEYLESS STREET CARS.**  
Edison Successfully Tests Storage Battery System.  
New York, Jan 21—What seemed in every way a successful test of a street car equipped with new Edison storage battery was made this morning on the Orange Valley and Passaic Electric Railway at West Orange, N J  
At no time was difficulty experienced in starting, slowing down, applying brakes or accelerating speed. The car is equipped with 210 cells, arranged under the seats on both sides Of these cells, 200 are for propulsion and ten for lighting, with a total force of fifty-horsepower Edison estimates that the cost of driving the new car will be 10 a mile If the test today satisfies the experts, the problem of cables and overhead wires will be solved for city traction companies, as the new car generates its own power  
**MILES DIDN'T GO.**  
Failure of Requisition Papers to Arrive Keeps Him Here.  
Undersheriff A. L. Miles did not leave yesterday for Los Angeles to bring back the negro Lewis, who is wanted here for fraud, and who is being held in Los Angeles for the arrival of the undersheriff. His departure is delayed owing to the non-arrival of requisition papers from Governor Haskell As soon as these credentials come Miles will leave for the California city

## LEGISLATURE SESSION OPENED

(Continued from Page 1)  
ty, but requiring assessors to adhere to actual known value.

**Senate Proceedings.**  
Proceedings in the senate were practically the same as those in the House in regard to reorganization. But three Senators were absent, being Mr. Allen of Carter county, Mr. Cunningham of Guthrie and Mr. Wynne of Lexington. Lieut. Gov. Bellamy presided, Sen. or Graham of Marietta was elected president pro tempore of the senate and the following officers chosen: J. R. Finley, Claremore, secretary; James Riley Thacker, Hollis, enrolling clerk; J. F. Etter, Ada, sergeant-at-arms; Jos. Haskell, son of Gov. Haskell, Guthrie, messenger; A. M. Works, Hugo, official reporter; A. H. Tucker, Edmond, chaplain; Herbert Cook, Enid, journal clerk; Cliff Caldwell, Wea, herford, reading clerk; Claude Beard, doorkeeper; P. P. Duffey, El Reno, secretary to the lieutenant governor.

Like the House, the senate lost no

time in starting the grind as soon as it was learned officially what the governor's message contained, and the following measures were introduced. By Senator Russell, submitting to a vote of the people proposed constitutional amendment making equal distribution between all counties of taxes for public school purposes received from assessments of public service corporations, providing such corporations operate in more than one county, distribution not to affect county levies; and by Senator Smith, county and district officers' fee bill, including clerk of the supreme court and court of criminal appeals.

**Salaries of Officers.**  
The Smith bill fixes a maximum salary for officers, providing that the officer shall apply on his salary fees he collects, but if not sufficient to make full amount, the county pays the remainder. If more than the salary, such excess fees go into the county treasury. Senator Graham offered a concurrent resolution requesting the federal government to give the state the Chillicothe Indian reservation school property for public purposes, which passed without a negative vote.

Senator Russell offered a bill providing that the district judge shall select special attorneys to appear before grand juries when they are

necessary, the designation now being made by the governor, when requested by county attorneys. Point of order was raised against the bill because that subject had not been covered in the governor's message and adjournment was taken pending a ruling by the chair (Senator Graham). Senator Russell announced that the bill was offered "for the good of the order."

Both democrats and republicans are in caucus tonight.

**Germans Balk U. S. Tariff.**  
(Posen, Prussia, Jan. 21.)—The Chamber of Agriculture today adopted the resolutions appealing to Chancellor von Bethmann-Hollweg not to grant to the United States the most favored National treatment in view of the increased duties on German importations under the Payne law such action by Germany would be regarded as thoroughly justifiable, he chamber says, and the resolutions urge the Chancellor particularly against granting concessions upon importations of American meats to the end that the raising of live stock in Germany may be encouraged.
